

Urban Growth Strategy - SUBMISSION FORM

Submissions Close 4pm on Friday, 4th November 2017

The Carterton District Council's draft Urban Growth Strategy has projected the level of residential growth to be planned for over the next 50 years. The Strategy provides a planned approach for directing where and how to accommodate future residential growth in the District.

The Growth Strategy:

- Identifies a projected residential growth demand using known trends;
- Considers development in and around the existing Carterton urban boundary including any new 'greenfield' areas required to meet projected demand;
- Provides for infrastructure to be provided in an efficient, affordable, and timely manner;
- Recognises and provides for the quality of the natural and built environments; and
- Supports the growth of the local economy through signalling growth opportunities and proactively providing land areas that are attractive to development stakeholders.
