

Tēnā koutou katoa - Greetings to you all

Our population is ageing quickly and we want to be part of an age-friendly Wairarapa. This means a community where people of all ages are respected, included and connected to people that are important to them.

To help plan for this, the Councils of Wairarapa would like to hear from everyone in our community. Your answers will be confidential and anonymous and will help us create a Positive Ageing Strategy and action plan. The survey is also available in paper copy at your local District Council information centres, offices and libraries.

There will also be interviews and workshops with community leaders. If you'd like to be kept updated, visit your District Council website or give us your email details at the end of this survey. We'd be delighted to stay in touch.

If you have any questions, please contact:
